for Calendar Year 2002**

In response to:
Section 171-29, Hawaii Revised Statutes

January 2003

Report to the Twenty-Second Legislature

Regular Session of 2003

On Land Dispositions Made of Public Lands for Calendar Year 2002

Introduction

Pursuant to section 171-29, Hawaii Revised Statutes, the Board of Land and Natural Resources is mandated to submit a written report annually to the Legislature of all land dispositions made in the preceding year.

This report includes information relevant to these land dispositions, including but not limited to the persons to whom the disposition is made, the purpose for which the disposition is made, land classification, tax map key and rental or sales price.

While every effort has been made to include all land dispositions occurring during the calendar year, due to timing issues, this report may not include all dispositions through December 31, 2002. Such dispositions which are not included in this year's report will be included in next year's. Also, dispositions which occurred in prior years may be included here if omitted from prior year reports.

There are various points in time which could be used to determine whether a disposition occurred, e.g. date of document execution, commencement date of document, date payment received, etc. For the purposes of this report, the date of execution was used to determine if a "disposition" had occurred during the calendar year, except for subleases for which the date of Land Board approval was used.
